Norborn-Chance Nuptials

The many friends of Miss Alice Chance, of El Verano, and Henry Norborn, of this city, were delightfully surprised to learn that they stole a march and went to Santa Rosa Monday for the purpose of entering into the holy bonds of matrimony.

Rev. Francis A. Downs, pastor of the Methodist Episcopal Church South, performed the ceremony which united them in wedlock at the church parsonage on Orchard Street, and later they departed to have a sumptuous wedding breakfast and begin their honeymoon.

The happy couple spent a few days in Santa Rosa and then returned to Sonoma, where they will make their permanent home.

The bride is the daughter of Mr. and Mrs. Albert Chance, of El Verano, and is a lady of refinement. The groom is also well known here, having lived among us for many years, and is a man of principle and an energetic worker. Mr. Norborn said he realized he was taking a chance when he entered the matrimonial state, but we infer from the expression on his countenance at the time that he was glad to get the Chance.

The many friends of Mr. and Mrs. Norborn extend congratulations and the EXPOSITOR joins them, wishing them a happy married life, unmarred by the rough paths and pitfalls.

Contract Awarded

The Board of Supervisors met Monday morning in regular monthly session. Chairman H. W. Austin presided and Supervisors C. L. Pattensen, William Green, Blair Hart and Lyman Green were at their desks. Mr. Green took his seat for the first time Monday, succeeding George J. Armstrong.

County Clerk Fred L. Wright presented the minutes of the last session which were read and approved. The other routine business of the opening session were disposed of and then bids were opened for the construction of a concrete bridge across Caliente Creek, near Agua Caliente.

There were a number of bids, as follows: W. L. Nagel, \$2,750; C. H. Gildersleeve, \$2,150; C. Sherer, \$1,795; L. L. Page, \$2,190; Mervy Elwell Co., \$2,215; Healey-Tibbets Company, \$3,340. Mr. Sherer's bid being the lowest it was accepted and he was awarded the contract for the construction of the bridge. Mr. Sherer is a Sonoma contractor, and it was under his able supervision that our city hall was built. His many friends are pleased to learn that he has been awarded the contract and feel sure that he will put up a good, sound bridge; one that will meet with the approval of all.

Change of Route

With the exception of two boats, one to San Francisco in the morning and one returning in the evening, the ferry service of the North-western Pacific railroad will be diverted to Sausalito, beginning the first of next month, when it is expected the cut-off at Green Brea will be completed. At the same time the new line is opened there will be a horseshoe service given Tiburon from Sausalito and thence via Green Brea.

All the main line travel is to be sent to Sausalito and thence via Green Brea to the main line. Heretofore there have been six six daily boats to Tiburon. It is expected that the change will develop a big protest from residents of Belvedere, but the country from Green Brea to Tiburon is so thinly settled it does not pay for the local service.

Are Making Bread

Mr. and Mrs. Andrew Castex of the Pioneer French Bakery on Napa street, announce that they have resumed making fine bread and the delivery wagon will make its usual runs. Repairs to their bakery which was damaged by the recent fire, have been completed.

The average hen will lay 400 eggs in her lifetime, nearly half of them in her third year.

A. E. Sondag, the Tailor

A. E. Sondag, the tailor, formerly of Sonoma, was in the valley this week taking orders for men's tailor-made suits. Mr. Sondag and family are temporarily located in Fruitvale, but the former expects to get permanent quarters for his tailoring establishment in the metropolis, in the near future. For many years he has enjoyed a liberal patronage from this valley and his work always gives satisfaction. Mr. Sondag will make regular weekly trips to the valley and solicits a share of the trade. Give him a trial order for a good suit and you'll be satisfied.

Burbank Products

A business transaction of world-wide importance has been consummated in Santa Rosa, whereby Dr. Hartland Law, and his brother, Herbert E. Law, the millionaire owners of the Fairmont hotel, the Monadnock building and other valuable property in San Francisco and elsewhere throughout the United States, and Oscar E. Binn, a wealthy eastern man, who has spent several months in Santa Rosa, have secured the rights to the propagations in flowers, fruits and plants, and will distribute them throughout the world. They have formed a company known as "Luther Burbank's Products, Incorporated," and have already formulated complete plans for the distribution of the products in all civilized countries.

By reason of the deal consummated Mr. Burbank will henceforth devote his entire time to the scientific development of his great work, while the business and commercial end will be handled entirely by the company. The transaction not only includes the products already perfected but those in course of development.

Unequaled as a Cure for Croup

"Besides being an excellent remedy for colds and throat troubles, Chamberlain's Cough Remedy is unequalled as a cure for croup," says Harry Wilson, of Waynetown, Ind. When given as soon as the croupy cough appears, this remedy will prevent the attack. It is used in many thousands of homes. For sale by L. S. Simmons.

New Law School

Ground was broken Feb. 25th, at the University of California for the Boalt Memorial Hall of Law. It was for this building that Mrs. Boalt gave one hundred thousand dollars and the lawyers of the state subscribed fifty thousand dollars. The site of the building is to be directly to the south of California Hall and its general appearance it will be of the same character as California Hall. In construction it will be of steel frame and granite with the most modern improvements. There will be three large lecture rooms, a reading room large enough to accommodate one hundred readers and a library of thousands of volumes, seven studies for the members of the faculty and a debating or moot court room for the students, a general club room and five smaller rooms to be used by the student organizations connected with the department of law.

Good Liniment.

You will find a good while before you find a preparation that is equal to Chamberlain's Liniment as a cure for muscular and rheumatic pains, for the cure of sprains and soreness of the muscles. It is equally valuable for lame back and all deep seated muscular pains. 25 and 50 cent sizes for sale by L. S. Simmons.

Indigestion Ends

You can eat anything your stomach craves without fear of a case of Indigestion or Dyspepsia, or that your food will ferment or sour on your stomach if you will occasionally take a little Diapiesin after eating.

Your meals will taste good, and anything you eat will be digested; nothing can ferment or turn into acid or poison or stomach gas, which causes Belching, Dizziness, a feeling of fullness after eating, Nausea, Indigestion (like a lump of lead in stomach), Bilioussness, Heartburn, Waterbrash, Pain in the stomach and intestines, or other symptoms.

Headaches from the stomach are absolutely unknown where this effective remedy is used. Diapiesin really does all the work of a healthy stomach. It digests your meals when your stomach can't. Each triangle will digest all the food you can eat and leave nothing to ferment or sour.

Get a large 50-cent case of Pape's Diapiesin from your druggist and start taking today and by tomorrow you will actually brag about your strong healthy stomach, for you then can eat anything and everything you want without the slightest discomfort, or misery, and every particle of impurity and Gas that is in your stomach and intestines is going to be carried away without the use of laxatives or any other assistance.

Sonoma Had the Trees

Prof. W. A. Sanders, from the
University of California, of Berke-
ley, who has been traveling over
the State looking for cork oak
trees, met one of our real estate
men, T. H. Baines, one day this
week, who, upon hearing the wants
of the Professor, drove him to the
home of Joseph Keiser and there
found just what was wanted.
The Professor immediately engaged
all the seed from the trees at a good
figure.

Professor Sanders has been look-
ing for this class of trees for some
time and, of course, had to come
to Sonoma Valley to find them. It
is the intention of the Professor to
plant three hundred acres with these
trees in Humboldt county.

This is a big advertisement for
Sonoma Valley and thanks should
be tendered Mr. Baines for the as-
sistance he gave.

Have Interesting Time

One of the most interesting meet-
ings of Sonoma Parlor, N. S. G. W.
was held last Monday evening in
I. O. O. F. Hall. A goodly num-
ber of members were present and
much enthusiasm prevailed. One
new candidate was initiated into the
mysteries of the order, the work of
the new degree team being splendidly
exemplified for the first time.
The petition of five new applicants
were favorably acted upon.

It was decided to have a grand
banquet on the first Monday in
April in honor of the new members,
and brothers Gottenberg, Shaw and
Johnson were appointed a commit-
tee to arrange for the same.

The election for delegates to rep-
resent the local parlor at the Grand
Parlor, which convenes in Marysville
on April 26th., next resulted as fol-
lows: Delegates, P. C. Keil, and
W. O. Hoeker; alternates, H. F.
Bates and Jos. F. Ryan.

The Jaspers Entertain

Last Saturday night the Jasper
Club celebrated its second anni-
versary with a social dance at the
club house in Vineburg. About
forty invited guests were present
and enjoyed the unparalleled hospi-
tality of the Jaspers. Believe me,
the Jaspers are jolly good fellows.

Guests began to arrive about
8 o'clock and soon after, the pres-
ident of the club, Jim Small, wel-
comed the guests with a few appro-
priate remarks which would cause
Chauncey Depew to look to his
laurels. Jim also sang several
original songs which made a big
hit with the crowd.

Louis Rouquie was initiated into
the mysteries of the organization
and did some comical acrobatic
stunts while trying to subdue the
goat. However, Louie was
game and was admitted to mem-
bership after the third trial.

At midnight a fine supper was
served, after which dancing was
enjoyed until early morning, when
the guests departed for home. All
voted the party a grand success
and hope there will be another soon.
We wish the Jaspers success and a
prosperous year.

Mammoth Log Rolling

On last Saturday evening about
twenty Woodmen of this city went
to Santa Rosa to attend the big log
rolling of that order, and they
certainly had a fine time.

Upon their arrival the whole party
took a restaurant by storm and after
gorging themselves hastened to the
North western depot where a large
crowd of Woodmen and sightseers
were assembled, and there took
their places in the line of march,
Sonoma, apparently, having the
place of honor, being the first
camp following the band and drill
team, and when the 800 Woodmen
had all assembled the whole com-
pany marched down Fourth Street
and counter marched to the Pavil-
ion was all were in readiness to
greet them.

After seeing the work of the order
exemplified in the best of shape by
Head officers and 181 Candidates
initiated, they were invited to the
banquet hall where covers were
laid for 800 and there sat down to
a repast that would be hard to beat.
While thus engaged they listened to
many addresses from Head officers
and representatives, intermingled
with fine selections from the band,
and at 2 A. M. they reluctantly de-
parted for their several homes, bet-
ter men and better Woodmen and
making many vows for the future.

Taking every thing into consider-
ation the whole affair was one
grand success and the Santa Rosa
Woodmen cannot be praised too
highly for the able manner in
which they conducted the log roll-
ing. Everything was carried
through from start to finish with out
a hitch or mistake of any kind.
We learn that State Organizer Gil-
roy and Special Organizer Crane
will attend the meeting of the order
tomorrow night in this city.

Will Contest Suit

John O'Brien, of El Verano, went
to Santa Rosa Monday and re-
mained over night on business con-
nected with a suit filed February 13,
by one of his daughters, Mrs.
Margaret Gough, against himself
and three others of his daughters,
Mrs. Kate Carriger, Miss Nellie
O'Brien, and Miss Mary O'Brien.
The complaint alleges that her
sisters have unduly influenced their
father to deed to them a one-
thousand acre farm in Sonoma
valley, without any proper con-
sideration. She asks that the deed
be set aside, and the defendants be
required to convey one-fifth of the
property to herself.

Mr. O'Brien has seen counsel,
and will defend the action in com-
pany with the daughters named
jointly with himself as defendants.
He and his daughters vehemently
deny the truth of the charges of un-
due influence. They say a full and
sufficient consideration was given
for the property in question, and
say that all this will be set forth
in due time of their answer to the
complaint that has been filed.

Dredge Schell Slough

C. S. Cutter, our local oil man,
and a hustler and booster for Sono-
ma Valley is now trying to get the
Napa Dredging Company interested
in the dredging of the Schell slough
up to the landing. Mr. Cutter
states that there are fine deposits
of gravel in the slough and he thinks
if just put in the right light the
company will dredge it out for the
gravel. This could be done so
that vessels could come up the
slough at low tide and thus do
away with waiting many hours for
enough water and would be able to
carry more tonnage.

Will Move to New Shop

F. C. Poulson and Son desire to
announce that they will move into
their new shop on the old site next
Monday March 8th, where they will
be pleased to see their old customers
and many new ones. We take this
opportunity of publicly expressing
our grateful thanks to the Temple
Lodge, F. and A. M. for the use
of its property on First Street West
since the recent fire that destroyed
our shop on Napa Street.

F. C. POULSON and SON.

Trustees Meet

The city board of Trustees met
in regular session in the City Hall
on Wednesday evening, all mem-
bers being present, and proceeded
with the following routine of busi-
ness.

The pound ordinance was hotly
discussed for some time and after
much argument the Marshal, J. H.
Albertson, was ordered to impound
all stray animals in the Union Sta-
bles, charging owner the regular
impounding fees fixed by the
Trustees as well as the care and
feed for same. The action was an
excellent move and we give the
trustees credit for standing for
the property holders rights.

Communication from Contractor
Wm. Trudgen, stating that he had
completed the construction of the
bridge on Napa street, was read
and placed on the file.

Ordinance No. 99, an ordinance
for the purpose of fixing the water
rates, was read for the third time
and passed unanimously.

City Clerk Jos. Small presented a
map of the City of Sonoma and
stated that he secured the map upon
his own authority, but it was very
essential that the city should have
the map. His action being approved
a warrant was ordered drawn for
the amount.

It was ordered that the clerk
place all moneys for the cemetery
in a separate fund to be known as
the "Cemetery Fund."

Report of City Treasurer Jesse
Burriss was read, accepted and
placed on file.

The license ordinance came up
for discussion and many heated ar-
guments were indulged in, which
gradually cooled down to business
and the following resolutions, pre-
sented by Trustee McDonnell, were
adopted:

WHEREAS, The present license on all mer-
cantile and business in the city of Sonoma is
unsatisfactory to those interested therefore be it
Resolved, that a meeting of merchants and
those paying a general mercantile license
and the Board of Trustees, is called for, to be
held in the City Hall on March 11th, 1909, for
the purpose of drafting a license on all business in
the city of Sonoma.

The following bids were ordered
paid:
O. E. Johnson, hauling gravel..... \$24.00
H. Pooler, carrying apples..... 2.50
L. S. Simmons, do..... 4.35
Fred Norheim, hauling..... 19.10
P. R. Davis, surveying..... 7.50
R. Quartaroli, labor..... 3.00
F. Casavant, labor..... 3.00
H. H. Granite, printing..... 5.00
W. E. Trudgen, extra work on bridge..... 28.00
Sonoma Valley Co. lights..... 40.00

No further business appearing,
the Board adjourned.

High School Report.

The boys' team of the Sonoma
Valley Union High School will
play a game of basket ball with the
team of Lick High School, of San
Francisco, next Saturday evening,
March 6, 1909, in Union Hall.
The game will be called at nine
o'clock, and the usual price of ad-
mission, twenty-five cents, will be
charged. If you don't care to see
the game, come any way and yell.
The boys will appreciate it.

Lately a club of about thirty sub-
scribers was secured in the high
school to an intensely interesting
little weekly, "Current Events"

The first copies have arrived, and
the students are highly pleased with
them. It has been decided to
discuss current events, at the week-
ly Wednesday afternoon talks. In
this way the pupils will learn more
of what is going on about them.

The girls' basket ball team are
anxiously awaiting a challenge from
the Napa High School Girls. Al-
though Napa has defeated our
girls the Sonoma team expects to
make the fur fly yet.

W. A. Werner is now in his new place of business, the Sonoma News Depot, greeting his many friends and pounding the cash register. Read his ad in another column.

Ed Nixon, the man arrested for the alleged burglary of the Sonoma depot, stood up in Judge Seawell's department of the Superior Court, on Monday morning and entered a plea of "not guilty." His trial was set for April 22nd.

The traveling auditor of the Northwestern was in Sonoma one day this week, checking up the station, and stated our agent, G. W. Reed has kept his books and office in the best shape of any on line. Good for you, Reed. Shake.

Mr. McDavit, of El Verano, was kicked on the head by a horse last Saturday night and was brought to town the same evening. Dr. Hays attended the lad, taking five stitches in the wound which he informs us was only a scalp wound and that the boy is getting along nicely.

A. W. Adler, our local lumber man, left Wednesday for Willets where he expects to buy 100,000 feet of lumber. Mr. Adler has been making extensive improvements about his mill and residence property and is now getting ready for the spring rush of building, and no doubt, will be able to turn out any class of work desired.

The proprietors of the Bellevue Hotel in El Verano are giving the hotel a general overhauling and are getting everything in shape for the summer season. Mr. Benjamin informs us he will have an up-to-date barber shop in connection with the hotel. They also contemplate the construction of a twenty-room annex on the vacant lot just across the street. This will be a much needed improvement and will enable them to handle the large crowd of resorters that are sure to come. Taking everything into consideration the Bellevue will be in far better shape this summer than ever before.

Miss Anita Breitenbach was given a delightful birthday party last Wednesday evening in Wild's Hall. The hall was beautifully decorated with crepe paper, leaves and ferns—the colors of pink and green predominating. There were about 14 couples present and all report a fine time. A delightful repast was finally served and all present partook of the good things set before them, and after the clock struck twelve all joined in wishing Miss Breitenbach many happy returns of the day and departed to their several homes.

F. D. Crane, proprietor of Crane's Hotel in El Verano, has now in course of construction a 14-room annex to his hotel. Mr. Crane informs us he is having the annex so constructed that it will be possible for the guests to enter their respective rooms directly from the porch, which will extend around the entire building, thus doing away with a hall and all the noise of people passing in and out. Mr. Crane is fixing up in general and is looking out for the comfort of his guests.

The Sonoma Valley Driving Club held an interesting meeting in the parlors of the City Hotel last evening. There was a large attendance and the following officers elected: S. B. Lewis, president; J. F. Ryan, secretary and treasurer; J. Murray, J. Tate, S. Ross, R. T. Mullen, L. Lamotte and J. O'Rourke, directors. It was decided to hold one of the grandest race meets that was ever held in Sonoma this summer. Details will appear later.

On last Tuesday F. Marzo left several large and valuable ropes hanging on the new school in El Verano and during the following night some one took about 150 feet of the same, cutting three ropes in the theft. Constable Ryan was called but as yet has not found the guilty party.

Alfred Jansen, Eddie Peterson and Carlos Emparan took a big hike into the hills on Sunday last, and went as far as Fowler Falls. The boys took many pictures of the beautiful scenery abounding on every side and report seeing three deer.

We are informed that the Four Sisters will run from San Francisco to Shellville this coming season. This will help the fruit growers wonderfully, for they must give this boat more patronage than they did last year if they wish the boat to run all summer.

In another column appears a notice asking for sealed bids for the old school building in El Verano, the building to be removed within a reasonable time, set by the Board of Trustees.

Mrs. Minkel entertained the Ladies' Aid Society of the M. E. church, Thursday afternoon in the church parlors. There was a good attendance and refreshments were served.

How Nature Provides.

OUR BEAUTY, HEALTH AND HAPPINESS.

Is it not possible if not probable that elements necessary for the body health are contained in the native medicinal roots found in the earth, digested in the plant laboratory of nature and made ready for man or animal?

The medicinal virtues of many American plants and roots were known to the early Indians. Thus a root known to modern physicians as Calophyllum or Blue Cohosh was known to the Indians as "Squaw root." Another known to the Indians as "Rattlesnake root," is used in modern medicine as "Chimifuga."

Prof. King's American Dispensatory, an authority in these matters, says: "Our Indians set a high value on Rattlesnake root (Black Cohosh) in diseases of women. It is surpassed by no other drug in congestive conditions of the parts where there are dragging pains and tenderness."

After many years of study and experiment Dr. Pierce, the medical director of the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y., put up a prescription of his own, containing the non-alcoholic, glyceric extracts of the two above mentioned ingredients, together with Golden Seal root, Lady's Slipper root and Unicorn root. This, there is no mystery in the make-up of this famous "Prescription." The use of alcohol is

entirely avoided in its manufacture, chemically pure glycerine being found to serve the purpose of extracting and preserving the medicinal properties even better than alcohol.

Learn the Truth. The one medicine for the cure of woman's peculiar weaknesses and ailments, the ingredients of which are printed on the wrapper of every bottle leaving the great Laboratory in Buffalo, N. Y., where it is made, is called Dr. Pierce's Favorite Prescription.

It Stands Alone not only in respect to its ingredients, but also as the only specific advertised remedy for woman's diseases which absolutely contains no alcohol.

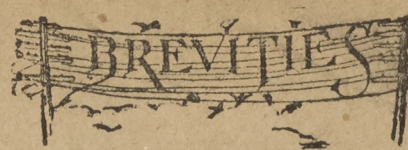

It Stands Alone as the one medicine for women, the makers of which take their patients fully into their confidence and tell them exactly what they are taking. This Dr. Pierce can afford to do, because his "Favorite Prescription" is made of such ingredients and after a working formula that has thousands of cures to its credit placing its merits above criticism.

It Stands Alone as Nature's cure for the diseases peculiar to women because the earth supplies the vegetable ingredients.

Mrs. Mary J. Board (Trained Nurse, Washington Hospital, of 1700 10th Street, N. W., Washington, D. C.) writes: "I felt badly for four years, had terrible pains at times and was often unable to be about attending to my duties; appetite was poor and sleep fitful. Tried to cure myself in various ways without success, but finally my attention was called to Doctor Pierce's Favorite Prescription and decided to try it. An certainly glad that I did for I began to improve with the first bottle, and gradually became well until I was entirely cured of the old trouble. Am well and can enjoy life once more."

Dr. Pierce's Good temper is largely a matter of good health, and good health is largely a matter of healthy activity of the bowels. Dr. Pierce's Pleasant Pellets cure constipation. They are safe, sure and speedy, and once taken do not have to be taken always. One Little "Pellet" is a gentle laxative, and two a mild cathartic. They never gripe. By all druggists.

Pellets.

BREVITIES

Plans are under way for the formation of a district athletic league of High Schools in Napa, Solano, Sonoma and Marin counties.

The cities interested in the new league are Napa, Vallejo, Santa Rosa, Sebastopol, and Hitchcock and Mt. Tamalpais Military academies. Louis Lambert, of the Santa Rosa High School, has returned from a visit at Napa and Vallejo where he went in the interest of the new league.

A meeting will be called shortly, when an organization will be formed and rules adopted for the government of the field days.

Sheriff Barnett, of Alameda county, has issued warning to all Pacific coast cities that a quantity of dynamite and percussion caps had been stolen from railroad stores near Niles. He suspects that the crime was committed by an organized band of cracksmen, who are planning a raid on safes of near-by cities. The warning was sent out that all police might be on guard.

Just a little CASCASWEET is all that is necessary to give your baby when it is cross and peevish. CASCASWEET contains no opiates nor harmful drugs and is highly recommended by mothers everywhere. Conforms to the National Pure Food and Drug Law. Sold by all druggists.

The State Mining Bureau is preparing to furnish the high schools of the State and the upper grades of the grammar schools with a collection of minerals characteristic of California. In the collection for each school are forty specimens, all labeled, are said to be handsome cabinet specimens.

This is the most dangerous time of the year to take cold, and it is the hardest time to cure it. If you should take a cold, a few doses of Kennedy's Laxative Cough Syrup will act very promptly. Its laxative principle cures the cold by driving it from the system by a gentle but natural action of the bowels. Children especially like Kennedy's Laxative Cough Syrup, as it tastes so good, nearly like maple sugar. It is sold by all druggists.

The stockholders of an English thread combine were recently called together to hear a report on the dullness of trade. Lest they might go out and forget it the directors declared a dividend of only 30 per cent.

The best known pills and the best pills made are DeWitt's Little Early Risers. They are small, easy to take, gentle and certain, and are sold by all druggists.

Farmers and others who knowingly pack bad eggs with good ones are going to be prosecuted by the Nebraska and Michigan Pure Food Commissions. Dealers claim that their losses amounted to several million dollars last year.

Most women who have bad complexions have dyspepsia, or at least indigestion, which eventually will become dyspepsia. To have fine, fair skin and healthy, rosy cheeks you have to have first, a good, healthy, perfect digestion in order that you may have rich, red blood. Keep your stomach well by taking Kodol for Dyspepsia and Indigestion occasionally—just when you need it. It is pleasant to take. Sold by all druggists.

From statistics it has been proved that divorces are increasing about three and a half times as fast as the population, and in the United States the increase is greater than in other parts of the world. Nearly a million divorces have been granted in twenty years.

Sour stomach makes sour people. It makes your disposition sour—you become disliked because of your sour nature. Every bit of it can be stopped just as soon as you take something to digest the food you eat. Sour stomach is caused by too much acid arising from undigested food. Kodol for Dyspepsia and Indigestion will digest any kind of food in any combination at any and all times. Keep your stomach well by taking Kodol now and then. Sold by all druggists.

In a cemetery at Middlebury, Vt., is a stone erected by his widow to her loving husband, bearing this inscription: "Rest in peace—until we meet again." Then what?

Professor H. A. Howell, of Havana, Recommends Chamberlain's Cough Remedy.

"As long ago as I can remember my mother was a faithful user and friend of Chamberlain's Cough Remedy, but never in my life have I realized its true value until now," writes Prof. H. A. Howell, of Howell's American School, Havana, Cuba. "On the night of February 3rd our baby was taken sick with a very severe cold; the next day was worse and the following night his condition was desperate. He could not lie down and it was necessary to have him in the arms every moment. Even then his breathing was difficult. I did not think he would live until morning. At last I thought of my mother's remedy, Chamberlain's Cough Remedy, which we gave, and it afforded prompt relief, and now three days later, he has fully recovered. Under the circumstances I would not hesitate a moment in saying that Chamberlain's Cough Remedy, and that only, saved the life of our dear little boy." For sale by Simmons.

Ex president Theodore Roosevelt will send to the committee in charge of the May Day Festival at Los Gatos, a cup to be presented to the handsomest girl baby in the parade.

For Diseases of the Skin

Nearly all diseases of the skin such as eczema, tetter, salt rheum and barbers' itch, are characterized by an intense itching and smarting, which often makes life a burden and disturbs sleep and rest. Quick relief may be had by applying Chamberlain's Salve. It allays the itching and smarting almost instantly. Many cases have been cured by its use. For sale by L. S. Simmons.

Wise Talks by the Office Boy.

A Landlord, meeting one of his tenants the other day, said: "I am going to raise your rent." "I'm very much obliged to you," replied the tenant, "For I can't raise it myself." "I don't believe there can

be any Christianity where there is no charity. I often think that a fellow's thoughts makes or mars his life. If he is happy, he dwells in happy thoughts; if he is miserable, he dwells in despondent thoughts. Hard work and a cheerful disposition will accomplish almost any task. The old man says, "Hope is the yeast in the bread of life." I hope you will remember us when buying your spring outfit. You know we sell the best goods for the least possible price that such goods can be bought anywhere on this coast. Our new spring hats for ladies and children are in and we are selling them in a hurry. We expect another lot today, (March 5)."

With Sonoma Racket Store P. S.—I had a talk with the boss today about a plan to add a little more ginger to this business. See my spiel next week.

Easy to Mix This

What will appear very interesting to many people here is the article taken from a New York daily paper, giving a simple prescription, which is said to be a positive remedy for backache or kidney or bladder derangement, if taken before the stage of Bright's disease.

Fluid Extract of Dandelion, one half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla three ounces. Snaking well in a bottle and take in teaspoonful doses after each meal and at bedtime.

A well-known druggist here at home, when asked regarding this prescription, stated that the ingredients are all harmless, and can be obtained at a small cost from any good prescription pharmacy, or the mixture would be put up if asked to do so. He further stated that while this prescription is often prescribed in rheumatic afflictions with splendid results, he could see no reason why it would not be a splendid remedy for kidney and urinary troubles and backache, as it has a peculiar action upon the kidney structure, cleansing these most important organs and helping them to sift and filter from the blood the soft acids and waste matter which cause sickness and suffering. Those of our readers who suffer can make no mistake in giving it a trial.

Statistics compiled by Governor Gillett show the total enrollment of Japanese school children in the cities of this State to be 573.
